Subject: ALPR hotlist sharing

All –

Supervisors at SMPD have Hotlist admin privileges enabled. That allows the ability to enter vehicles onto our own hotlists. Included in the admin privileges is the ability to accept hotlist requests from outside agencies. Today we received a request from SLOPD to add one of their hotlist vehicles to our system. Please DO NOT accept that request, or any similar requests in the future.

Allowing other agency hotlist vehicles onto our ALPR system is not something we are open to as a matter of an automated sharing request through email. If there is a critical need to use our ALPR system for a high level crime investigation to assist another agency, it will be evaluated on a case-by-case basis. We would likely require a Ramey warrant or similar documentation before entertaining that request.

Should such a request come your way, please reach out, through the chain of command, to your Division Commander.

Regarding this particular request, I reached out to Detective Marques, but haven't heard back from her yet.

Thank you,

Dan

Subject: FW: San Luis Obispo CA PD has shared a Hot List with you!

Some of us have received this email from Flock saying (Former SMPD) Ofc. Marques is sharing a custom hotlist.
I don't think we want to add it.

Other thoughts?

Great News!

Sofia Marques at San Luis Obispo CA PD has shared their custom Hot List with you, giving you and your organization the ability to collaborate more effectively.

To begin receiving hits for this list, you must enable your organization as an audience.

1. Click on **Alerts** in the top navigation bar
2. Click on **Custom Hot List** in the sub-navigation bar
3. Scroll down to the **Shared Lists** section at the bottom of the page
4. Click on the triple dots next to the list you want to enable and select **Edit**
5. Change the audience from 'None' to 'Entire Organization'
6. Click **Save Change**

Thanks for being part of the Flock.
